

New patented Technology-High Performance-Low Maintenance

The new **TFP-ELIMINATOR (TFP)** is versatile and will provide constant high collection efficiency with very low maintenance. It is your best choice for collecting mist from screw machines, machining, milling, boring, and parts washing operations.

Prefilter

**Turbulent Flow
Precipitator**

Optional Post Filter
95% ASHRAE , 95% D.O.P., 99.97% HEPA

Available in sizes from 500 cfm to 10,000 cfm

- Optional 3rd stage filters are available
- Sound can be reduced approximately 10 DB with available exhaust silencers
- Motor voltage and frequency available to match your requirement
- Applications engineering available – ask your dealer
- Available in sizes from 500 cfm to 10,000 cfm
- To find out more about this amazing new technology, visit manufacturer's web site at: www.tfp-eliminator.com
